OUT FOR BLOOD...

Wolf's Dragoons, the most storied and elite mercenary unit in the Inner Sphere, has been utterly shattered for the first time in its centuries-long history.

In 3151, most of the Dragoons listened to Marotta Kerensky and followed Alaric Ward to Terra. There, they helped him destroy the Republic of the Sphere and establish the ilClan. Four out of five Dragoons died in the fighting. The survivors were injured, shell-shocked, and finally, gravely insulted by Alaric Ward's token payment of thirty pieces of silver.

In one brutal gesture, the ilKhan did what no other enemy had ever done: He broke Wolf's Dragoons. The decimated survivors limped off Terra to rendezvous with their remnants that had stayed behind.

Colonel Henry “Hack” Kincaid, senior striker officer, is waiting when the Dragoons convoy appears, full of wrecked machines, but depleted of personnel. Kincaid is a man of reputation in the Dragoons. His word carries weight. And he hasn’t been tarnished by Terra.

Three regiments and one of his irreplaceable striker battalions have all been ground to dust.

All that is left now is duty.

And vengeance...
