100 million people have crossed a spacetime portal into dinosaur times to build a self-sustaining society before aliens destroy humanity. But a greedy man has a trillion dollar secret that will get him killed, sparking the biggest battle in 67 million years. After Raptor Ray's daughter is murdered, her sisters must use dinosaurs to stop the 50,000 gunmen coming to kill them. The weirdest war in the 21st Century takes place in the past and history will never be the same.

EXCERPTS: He screamed when the spino removed his stomach and screamed some more as she ate him over his body. His blood and her saliva dripped on his face. With his mouth open like that, some probably got inside.

A raptor blindsided him at full speed. It was like getting hit by a car with spikes. Peterson flew into several guys, knocking them down, his internal organs becoming external as they fell out of his open stomach. His friends stared at him in horror.

The heavy weapons sounded like gods farting thunder. Now all alone, he watched two gunmen come out and check the bodies, laughing at the free kills.

The big room was packed with people when missiles broke the windows. HQ disappeared in an explosion of sound and smoke. Flesh flew and shit literally hit the fan.

A primal scream left his lungs and a dozen mega-raptors rose above the tall grass to look at him with tears of joy. Dinner just served itself.

He grabbed one armed chicken by the neck, but others were chewing chunks of his flesh, straight through his clothes. Another bit into his bicep and the knife dropped from his fist.

A massive claw dug into his stomach and excavated a few organs. He flew up into a tree, where he caught on a branch. Bleeding out, the guard watched monsters eat his friends.

Stepping over the human, the spino caught the mega in his massive jaws. Declan turned to stare at the horrified face of the raptor, just a few paces away, as rows of serrated 8" teeth chewed her up.

He took down three raptors in his first clip. The last landed not far from him and crawled over like that thing from the movie Alien.
