Their weekly meetings became a source of inspiration for Mark, fueling his determination to succeed in the business world.

## **Proving His Worth**

As the intern, Mark was given several projects to work on independently. Despite facing numerous obstacles along the way, he demonstrated resilience and ingenuity in finding innovative solutions. His efforts not only earned him praise from his colleagues but also gained recognition from the top executives in the company, including Richard Anderson.

## **An Unexpected Twist**

Halfway through Mark's internship, an unforeseen turn of events occurred when Richard announced his retirement. The news shook the entire company, and everyone wondered about the future of the organization.

However, Richard had already chosen his successor – the determined and talented intern, Mark Johnson.

## A New Era Begins

Mark's promotion to the position of CEO of the company introduced a new wave of excitement and hope within the organization. The Billionaire Intern had transformed into The Billionaire CEO. Under Mark's leadership, the company flourished, breaking previous records and attracting investments from all corners of the business world.

## The Legacy Continues

The Billionaire's Intern is a classic virgin-meets-billionaire romance - if your idea of classic is scorching hot angst with a plot twist that'll leave you begging for more...

No one's ever called me friendly.

You don't get to where I am by being approachable.

I'm used to seas of people parting for me. Especially in the lobby of the building I own, filled with people who work for me.

Guess no one told the new marketing intern:

She spills her coffee all over me and then offers to replace my custom couture with Kathy Ireland.

Emery is a sweet little blinky-eyed Kansas girl. A kitten in the middle of our shark tank. It's just common decency to protect her. Take her to lunch and get to know her. Wonder why she looks at me like she wants me to eat her alive, but pulls back every time I'm ready to bite.

Okay, so that last one isn't decent at all. In fact, every fantasy I have about her is downright filthy.

Discovering I'm her first?

Well, it gives me even more wicked thoughts about the big... city I can show her.

I've been burned before. Fool me once, right? I built a billion-dollar company by planning for every possibility. Making sure nothing gets past me again.

But I sure didn't see this one coming.

Book one of three in The Intern Trilogy.
