“ "The Day Democracy Died is an unputdownable masterpiece. Smith's writing will send shivers down your spine and make you question the fragile nature of our democratic societies. A must-read for anyone concerned about the future of governance." - The New York Times ”

The story follows protagonist Rebecca Miller, an investigative journalist determined to uncover the truth behind the downfall of democracy. As she unravels a web of deceit, she realizes that the fight for justice and freedom may cost her everything she holds dear.

With its gripping plot, expertly crafted characters, and stunning twists, "The Day Democracy Died" keeps you guessing until the very end. Smith's impeccable storytelling skills ensure that you'll be emotionally invested in the characters and their struggle against an insidious system that seeks to silence dissent and control minds.

In addition to its thrilling narrative, "The Day Democracy Died" also serves as a cautionary tale. It forces readers to reflect on the importance of an engaged and informed citizenry, showing just how quickly the ideals of democracy can crumble if we take them for granted.

This Kindle Single is perfect for those looking for a quick yet impactful read. Clocking in at just over 100 pages, it can be devoured in a single sitting. Whether you're a fan of political thrillers or someone concerned about the state of democracy, this novella is sure to leave a lasting impression.

“ "The Day Democracy Died is a wake-up call for us all. It reminds us that our complacency can pave the way for the erosion of our democratic values. Thought-provoking and beautifully written, this Kindle Single is a must-read for anyone who cherishes freedom." - The Guardian ”

Why Choose "The Day Democracy Died"?

- Gripping and fast-paced storytelling that keeps you engaged from start to finish. - Protagonist Rebecca Miller's journey and her resilience will inspire readers. - Raises important questions about the fragility of democracy and the need for vigilant citizens. - Thought-provoking and relevant, providing valuable insights into the current state of our societies. - Perfect length for a quick read, ensuring you can satisfy your reading appetite even with a busy schedule.

So, if you're searching for a Kindle Single that will leave you captivated and leave you thinking long after turning that final page, look no further than "The Day Democracy Died." Dive into this thrilling dystopian world and discover the consequences when democracy falls into the wrong hands.

THE DAY DEMOCRACY DIED

How scapegoating and hysteria doomed the world's first democracy.

From the chaos of a sea-battle to the fury of a lynch mob, from personal bravery to political machinations, *The Day Democracy Died* tells in vivid detail the tragic story of the Arginusae trials and the fall of Athens: a cautionary tale of democracy's demons which is as relevant in the age of instant news and mass media as in the volatile city-states of ancient Greece.

October, 406 BC: on the darkening waters of the eastern Aegean, an inexperienced Athenian fleet prepared to face the might of Sparta. With the fortunes of the Peloponnesian War turning inexorably against it, a beleaguered Athens badly needed a victory – and it got one. The Battle of Arginusae, won by raw recruits against a battle-hardened Spartan armada, saved Athens from disaster at a heavy cost in sunken ships. Yet in the confusion following the battle, neither the survivors nor the bodies of the dead were ever recovered.

When the fleet returned to an apprehensive, overcrowded Athens, recriminations between its leaders escalated into a vicious, hysterical witch-hunt which convulsed the democracy and swept aside custom, sense, and law. In an extraordinary and chilling sequence of events, six victorious generals were arrested and put on trial for their lives before the Athenian people.

On a day of violent passions, before a crowd of thousands, a handful of brave men including the philosopher Socrates struggled to save Athens from itself. As public anger and political tensions were stoked by inflammatory speeches, the principles of democracy would be tested to

breaking point. The final verdict of the Trial of the Generals would haunt Athens for ever – and decide the outcome of the war.

Anselm Audley holds BA and Master's degrees in ancient history from Oxford, as well as a degree in planetary science from University College London. He is a published fantasy novelist, the author of Heresy, Inquisition, Crusade, and Vespera.
