Is he a hero...or a villain?

At thirty-seven—or seven-and-thirty, as they'd say in one of her cherished Regency romances—librarian Zoey Matthews is a spinster. On the shelf. Alone. But she'll settle for nothing less than a man as good and noble as a hero in a Jane Austen novel...even if it means attending her baby sister's wedding without a plus-one. As the date approaches, Zoey's feeling more like an old maid than the Maid of Honor.

When Engine 17's fire chief appears in her life—on horseback, no less—he seems to check all the boxes. But is Zach Shofner truly a hero? Or is he the villain in this story?

Fall in love with the men of Engine 17 one novella at a time! Each standalone rom-com features a different fireman and his quest to find the one woman who will set his soul on fire.
